Technical  
Data

Weight:  
approx. 210g  
Size:  
76×88×225mm

Voltage: 24V~264V AC/DC  
Standby power: 23mA@120Vac  
Sound Output: MAX. 90dB  
Protection degree: IP65

Operating and storage temperature:  
(-20°C)~(+55°C) / (-40°C)~(+65°C)  
Housing material: PC-ABS / PC

Adjustable installation angle  
Adjustable brightness

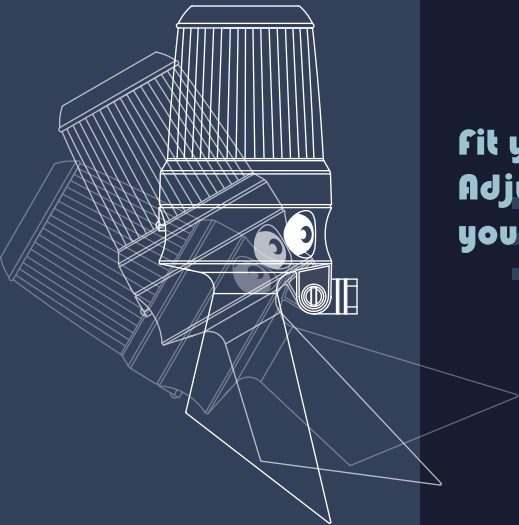

Wide range of input voltage  
from 24~264V AC/DC

Adjustable volume  
Multiple visuals and tones

2 Inputs available with  
different visuals and tones

Fit you well!  
Adjust the angle  
you want!

the only difference  
from TA3-W

Transmitter sends signal to receiver  
and LED horn simultaneously.  
No need to pack with equipment by messy wire.  
Just find a place, then plug and play!
